## REPORT OF THE SUPERINTENDENT OF SCHOOLS

*To the Voters of Huntington Town School District:*

In compliance with the Laws of Vermont, I herewith submit my annual report as Superintendent of Schools.

During the past year, one two-room and two one-room schools have been maintained for a period of thirty-five weeks which is the minimum required by law.

Schools which are being operated during the year 1949-50 with enrollments are as follow:

<i>School</i>	<i>Enrollment</i>
Catherine E. Ross, grades 1-3 .....	44
Catherine E. Ross, grades 4-8 .....	30
Huntington Center .....	28
Hanksville .....	16

Attendance has been fairly good in all the schools except where contagious diseases have lowered it somewhat. Now that the amount of state aid returned to the towns for school purposes is based primarily on average daily attendance, it is very important that this be kept as high as possible. To have children miss school is not only a loss financially but it is also a cause of retardation of pupils in many cases as the work which they miss cannot be made up. For these reasons, parents should see that children attend school regularly.

Like many other towns in Vermont, Huntington is faced with the problem of transporting several pupils. During the school year which ended June 30, 1949, a total of \$1,709.50 was spent for transporting thirty-four pupils or an average cost of \$50.27 each. Since several children live at considerable distances from school, this item is not likely to be reduced in the future.

At the close of the school year last June, three vacancies developed in the teaching staff as a result of resignations of former teachers. With such a critical shortage of teachers in the elementary field and the fact that few teachers will accept assignments in schools located off main bus lines, it was with much difficulty that all openings were filled at the beginning of the current school year. Not long after the year began, two teachers resigned and consequently replacements were very difficult. However, the staff was finally completed with the following: Mr. John Schwenker of River

Edge, N. J., a graduate of the University of Vermont, in the Hanksville School; Mrs. Martha Olmstead of Franklin, Vt., a graduate of Johnson Teachers' College, accepted the Huntington Center School; and Miss Kathleen Mobbs of Jericho, Vt., a graduate of Johnson Teachers' College, filled the vacancy in the Catherine E. Ross School. In spite of such difficulties, Huntington has been fortunate in having secured the services of well-qualified teachers.

Due to the limited funds available for school purposes, repairs to buildings have been confined to those which were necessary. The interior of the Hanksville School was redecorated and improvements were made in the water system of the Catherine Ross School. With some minor repairs which should be done during the coming summer, the buildings will be in fairly good condition.

Changes which have been made in the courses of study deal mainly with the social studies in grades five and six. Some new texts in geography and history for these grades have been introduced. New texts in arithmetic and English have been purchased for the Hanksville School and new spellers have been placed in several grades of the different schools. Considerable emphasis has been placed on reading in the elementary and intermediate grades as this is without doubt the most important subject in the graded school curriculum.

To make all the recommendations which I would like to make would involve the expenditure of a sum far in excess of the Town's financial ability to support, therefore, I shall confine them to the ones which demand immediate attention. I would suggest that the exteriors of the Hanksville and Center schools be painted next summer. The report of the State Health Inspector states that the artificial lighting in the Catherine Ross School is entirely inadequate; therefore, I would recommend that this be corrected. I have made this recommendation several times before. Due to the overcrowded condition of this school, it will be necessary to make some provision for additional space in the building or secure another building which may be used for school purposes. If additional classroom space can be provided, I would recommend that the seventh and eighth grade pupils from the other schools be transported to the Catherine Ross School and an additional teacher be employed for these two grades. Since these two years are very important in a pupil's preparation for entrance to high school, it would be of great benefit to have all pupils in town work together under one teacher. This would also relieve the congested condition in all the schools and improve the instruction in all grades.

In providing school revenue for next year, I would like to call

your attention to Section 4, Article 1, of the new State Aid Law which states that no town shall receive any state aid unless the town shall raise and expend in each year for current school expenses, an amount which, together with state aid, shall equal at least \$130.00 for each pupil in average daily attendance. This provision should be taken into consideration when providing school revenue.

In conclusion, I wish to express to the members of the School Board and voters my appreciation of the support which has been given the schools during the year.

Respectfully submitted,

EDWIN T. MALONEY,  
*Superintendent of Schools.*

1950

Jan.

3 Eva M. Ring, 69 years, 11 months, 28 days.

14 Hiram H. Hill, 74 years.

## VERMONT DEPARTMENT OF SOCIAL WELFARE

Montpelier, Vt.

In accordance with established custom, we are presenting a summary of state assistance payments during 1949 to individuals applying from Huntington.

These payments are financed entirely from state and federal sources except aid to dependent children in which the town or city participates to the extent of  $12\frac{1}{2}$  percent and committed children for whom the municipality reimburses the state for one-half the cost. The cost of all programs reflects to a large degree the economic consequences of the devaluation of the American dollar in terms of purchasing power and its effect on savings and investments.

Approximately 80 percent of all welfare and assistance in Vermont is now paid by the state. Vermont has proportionately fewer individuals receiving aid and smaller average payments than the national average. Over 95 cents out of each public assistance dollar is paid to recipients and less than 5 cents is used for administration. No other state has a better record.

Old age assistance .....	\$ 13,592 62
Aid to dependent children .....	81 00
Committed children .....	2,244 57
Total .....	<hr/> \$ 15,918 19

W. ARTHUR SIMPSON,  
*Commissioner.*

## HEALTH OFFICER'S REPORT

For the year ending December 31, 1949, I am submitting my annual report to the Selectmen of the Town of Huntington in regard to the sanitary conditions and public health in general.

### *Village Dump and Rubbish Control*

All villages should have a good village dump outside the village proper, away from streams and public highways. A well-kept rubbish dump is an asset for every village and town. Dumping of rubbish by the roadside is not infrequent and a habit with a lot of people.

### *Water Supply*

Lack of rain during the summer and fall of 1949 caused a shortage of water in many homes which depended on springs and wells for their water supply. In spite of this shortage of water there were no epidemics or diseases which occur sometimes from this situation.

### *School Inspections*

Only twice during the year was I called to make inspections of school children, who were reported to have some contagious disease or vermin. In this respect there has been a marked improvement compared with previous years.

### *Health Conditions*

In general the health of the town has been very good. Communicable diseases were very few except an outbreak of chicken pox in the Huntington Center section of the town. Many of these cases were not reported to the Health Officer so no accurate tabulation can be given. Some of the quarantine regulations have been modified, but this does not mean that a report to the Health Officer is unnecessary.

### *Communicable Diseases to be Reported*

Cholera, diphtheria, epidemic spinal meningitis, acute anterior poliomyelitis, scarlet fever, smallpox, typhus fever, measles, whooping cough, mumps and German measles.

### *Communicable Diseases That Were Reported*

Mumps, 3; measles, 3; chicken pox, 6; acute anterior poliomyelitis, 1; from which there were no deaths.

### *Expense*

The expense involved for taking care of the Health Department was \$59.95.

WM. O. HUTCHINSON, M.D.,  
Health Officer.

## WARNING

### TOWN AND SCHOOL DISTRICT MEETING

To the legal voters of the Town of Huntington, Vt., you are hereby notified and warned to meet at the S. O. V. Hall in Huntington at 10 o'clock in the forenoon on the 7th day of March, A. D. 1950, to transact the following business to wit:

Article 1. To choose a Moderator.

Article 2. To elect a Town Clerk.

Article 3. To elect a Town Treasurer.

Article 4. To act upon the Auditors' report.

Article 5. To determine what sum of money will be appropriated from the General Fund for Memorial Day.

Article 6. Will the town authorize the Selectmen to borrow money when needed for necessary current expenses and indebtedness of the town?

Article 7. To determine what percent on the Grand List will be raised for the following:

The General Fund.

Winter maintenance on State Aid roads.

Winter maintenance on Town Roads.

Dust control.

Article 8. To determine what percent will be raised on the Grand List for expenses of schools.

Article 9. To determine what percent on the Grand List will be raised for town roads.

Article 10. To determine what percent on the Grand List will be raised to match state funds for the building of so-called Black Top roads.

Article 11. To elect the following officers:

School Director for three years.

Selectman for three years.

Road Commissioner for one or more years.

Lister for three years.

Auditor for three years.

Auditor for two years.

Auditor for one year.

Constable for one year.

Overseer of Poor for one year.

Town Grand Juror for one year.

Cemetery Commissioner for five years.

Town Agent for one year.

Article 12. To determine what percent on the Grand List will be raised for maintenance on State Aid Roads.

Article 13. "Shall license be granted for the sale of liquor?"

Article 14. "Shall license be granted for the sale of malt and fermented beverages?"

- Article 15. To see if the town will vote to employ a Public Health Nurse.
- Article 16. Will the town authorize the Auditors of the town to employ the services of an accountant from the office of the Auditor of Accounts to conduct an audit of the accounts of the town.
- Article 17. To see if the town will appropriate a sum of money for the Fire Department and, if so, how much.
- Article 18. To see if the town will appropriate a sum of money for the upkeep of Maplewood Cemetery and, if so, how much.
- Article 19. To transact, vote and act upon any business which may legally come before said meeting.

Dated at Huntington, Vt., this 20th day of February, A. D. 1950.

ROY B. CLEVELAND,  
PARKER K. BEANE,  
ARCHIE PLACE,  
*Selectmen of Huntington, Vt.*
